### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

- In claim 1, line 2, delete the word 'which', and insert the phrase --wherein the-- therefore.
- In claim 5, line 1, delete the word 'which', and insert the phrase --wherein the-- therefore.
- In claim 6, line 1, delete the phrase 'claim 6' and insert the phrase --claim 5-- therefore.

The following amendments were made to overcome minor informalities and to correct minor grammatical errors.

### ***Allowable Subject Matter***

2. Claims 1-9 are allowed. The following is an examiner's statement of reasons for allowance: Prior art mouth exercisers are old and well known. Ueno (U.S. 5,299,936)

teaches a mouthpiece including a first layer and a second layer, the first layer and second layer having differing softening points, and the second layer further having protrusions extending therefrom. Ueno fails to teach the second layer substantially covering the first layer.

3. Sullivan et al. (U.S. 5,584,687)

teaches a mouthpiece including protrusions formed by the teeth during a molding step. Sullivan fails to teach the bi-layer having different softening points.

The prior art of record fails to teach the device as pictured

including a first layer having a softening point

between 35 and 100 degrees Celsius, and a second layer substantially covering the first layer having a softening point above 100 degrees Celsius, the second layer including at least one protrusion extending 2-20 mm above the surface of the bite plate formed on the second layer in order to allow a user to perform biting exercises to reduce facial aging.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
